Who Are We?

• The Office of Special Education (OSE) Educational Partnership is a coordinated and cohesive network focused on enhancing services and improving outcomes for students with disabilities and providing effective support for educational organizations (EOs) and families.

• Regional Partnership Centers (RPCs) and Family and Community Engagement (FACE) Centers are in each of the 12 regions of New York State and their own teams of specialists provide coordinated, direct supports and services to the EOs within their region.

Blueprint for Improved Results for Students with Disabilities

Self-Advocacy
Students engage in self-advocacy and are involved in determining their own educational goals and plan.

Family Partnership
Parents, and other family members, are engaged as meaningful partners in the special education process and the education of their child.

Specially-Designed Instruction
Teachers design, provide, and assess the effectiveness of specially-designed instruction to provide students with disabilities with access to participate and progress in the general education curriculum.

Research-Based Instruction
Teachers provide research-based instructional teaching and learning strategies and supports for students with disabilities.

Multi-Tiered Support
Schools provide multi-tiered systems of behavioral and academic support.

Inclusive Activities
Schools provide high-quality inclusive programs and activities.

Transition Support
Schools provide appropriate instruction for students with disabilities in career development and opportunities to participate in work-based learning.
Purpose

• Why is Tier 2 important within PBIS?
  • Provides targeted support for students who are not successful with Tier 1 supports alone
  • Addresses students’ academic, social-emotional, and behavioral skill deficits through group-based interventions
  • Provides structured opportunities for students to practice new skills learned
  • Provides support for students who are at risk for developing more serious problem behaviors
PBIS Tier 2 Training Agenda

• Tier 2: Systems
  - Day 1: Teaming, Screening, Request for Assistance
  - Day 2: Interventions, Professional Development, Evaluation

• Tier 2: Practices
  - Day 3: Check-In/Check-Out (CICO)
  - Day 4: Social Academic Instructional Groups (SAIG)
Day 3 Objectives: CICO

• **Understand** how CICO is embedded within a Multi-Tiered System of Supports (MTSS)

• **Identify** critical systems features of CICO and the necessary steps of implementation and sustainability in a school

• **Identify** the data for decision making:
  - identification of students into CICO
  - to progress monitor students while in the intervention
  - exit students out of CICO
Day 3 Agenda: CICO

• Overview and Getting Started
• Tiered Fidelity Inventory (TFI) Features 2.1-2.13 aligned to CICO
  • Creating and designing the intervention
• Wrap-up
  • Q&A, Technical Assistance/Support, Evaluation

CICO Staff Orientation

Create your own presentation as we go!

• A PowerPoint template will be given to you, which will include foundational Tier 2 CICO information your team can share with school staff

• Personalization! You will want to include specific implementation components developed by the team that are personalized for your school (e.g., the daily CICO cycle, what do teachers do with a DPR, how do they provide effective feedback, etc.)
PBIS is an MTSS Framework for Continuous Improvement and Alignment of Initiatives

Supporting culturally knowledgeable **Staff** Behavior through team-based leadership and coordination, professional development, coaching, and content expertise

Supporting culturally equitable **Targets** including social/emotional competence & academic achievement

Supporting culturally valid **Data-based Decision Making** through universal screening, progress monitoring, and evaluation of fidelity

Supporting **Student Behavior** through a three-tiered continuum of culturally relevant evidence-based interventions

(McIntosh & Goodman, 2016)
Where are We in the Triangle?

**Academic Systems**
- **Tier 1 Interventions** 80-90%
  - All students
  - Preventive, proactive
- **Tier 2 Interventions** 5-15%
  - Some students (at-risk)
  - High efficiency
  - Rapid response
  - Small group interventions
  - Some individualizing
- **Tier 3 Interventions** 1-5%
  - Individual students
  - Assessment-based
  - High intensity

**Behavioral Systems**
- **Tier 1 Interventions** 80-90%
  - All settings, all students
  - Preventive, proactive
- **Tier 2 Interventions** 5-15%
  - Some students (at-risk)
  - High efficiency
  - Rapid response
  - Small group interventions
  - Some individualizing
- **Tier 3 Interventions** 1-5%

  - Assessment-based
  - Intense, durable procedures
Student Profile

Language Matters!

“This student is receiving Tier 2 support for ______.”

What does YOUR social, emotional, academic, physical, and/or professional profile look like?

Where do you need Tier 2 Supports?
Definition: CICO

• CICO is a Tier 2, group-oriented intervention designed for students who have *chronic, low-intensity problem behaviors* that:
  - (a) are unresponsive to Tier 1 practices and systems
  - (b) do not require more immediate individualized interventions and
  - (c) are observed across multiple settings or contexts

• Although more time is required from staff members who coordinate the intervention, classroom teachers can usually implement the intervention in less than 5-10 minutes per day

(Crone, Hawken, & Horner, 2010)
Why Schools Implement CICO?

• Individuals with Disabilities Education Act (IDEA) (1997, 2004): mandate for all schools to incorporate *behavioral practices* that are proactive and positive

• PBIS is a widely used, *evidence-based tiered framework* designed to support the multiple and varied needs of students with and without disabilities

• For students who do not respond well to Tier 1, schools can select from a range of targeted *Tier 2 interventions* to prevent the further escalation of problem behavior

• CICO is commonly used because of its *research base and ease of use* supporting the positive impact for students

(Kerr & Nelson, 2010)
Why Does CICO Work?

- **Improved structure**
  - Prompts are provided throughout the day for correct behavior
  - System for linking student with at least one positive adult
  - Student chooses to participate

- **Student is “set up for success”**
  - First contact each morning is positive
  - “Blow-out” days are pre-empted
  - First contact each class period (or activity period) is positive and sets up successful behavioral momentum

- **Increase in contingent feedback**
  - Feedback occurs more often
  - Feedback is tied to student behavior
  - Inappropriate behavior is less likely to be ignored or rewarded

(Crone, Hawken, & Horner, 2010)
Why Does CICO Work? (Cont'd)

• Program can be applied in all school locations
  - Classroom, playground, cafeteria (anywhere there is a supervisor)

• Elevated reinforcement for appropriate behavior
  - Adult and peer attention delivered each target period
  - Adult attention (and tangible) delivered at end of day

• Linking behavior support and academic support
  - For academic-based, escape-maintained problem behavior incorporate academic support

• Linking school and home support
  - Provide format for positive student/parent contact

• Program is organized to morph into a self-management system
  - Increased options for making choices
  - Increased ability to self-monitor performance/progress

(Crone, Hawken, & Horner, 2010)
The Research Base for CICO
A Meta-Analytic Review of the Evidence for CICO

• Results of the meta-analysis found that:
  - CICO improved student outcomes by over one standard deviation, compared with baseline or control conditions
  - CICO had an effect size of 1.16 for outcomes related to problem behavior
  - CICO had an effect size of 1.53 for outcomes related to academic engagement

• Effect sizes did not vary by publication type, setting, design strength, whether a Functional Behavioral Assessment (FBA) was conducted before implementing CICO, average age, proportion of female participants, proportion of participants who were racial/ethnic minorities, proportion of participants receiving special education services, or proportion of participants with behavioral difficulties at least partially maintained by adult/peer attention

(Drevon, Hixon, Wyse, & Rigney, 2018)
When and Where

• CICO happens at very start of the day before the academic day begins and at very end of the day before school is dismissed

• Location: Depends on your system and school.
  - Office or centralized location (e.g., cafeteria, library, gym, etc.)
  - Table set up to accommodate 10-15 students per facilitator
Teams and Teachers are Critical for Success!

A common misconception is that these strategies will “fix” the student and the classroom teacher does not need to be an active participant since “specialists” or outside staff are often involved in the intervention – it is important to stress that these interventions will require high level of involvement among ALL STAFF within the school building.

(Lewis, 2009)
YOUR TURN

Staff Involvement in Tier 2

• How will you get buy-in and involvement from all staff?
• How will you train staff?
• What will the expectation be for staff in the building? For the clinicians?

• **Outcomes:**
  - **2.1 Team Composition:** Tier 2 (or combined Tier 2/3) team includes a Tier 2 systems coordinator and individuals able to provide (a) applied behavioral expertise, (b) administrative authority, (c) knowledge of students, and (d) knowledge about operation of school across grade levels and programs.
  
  - **2.2 Team Operating Procedures:** Tier 2 team meets at least monthly and has (a) regular meeting format/agenda, (b) minutes, (c) defined meeting roles, and (d) a current action plan.
Multi-Tiered Systems of Support Teams

District Level Leadership Team

Uses fidelity data to manage district-wide implementation efforts

Tier 1 Systems Teams

Plan school-wide & classroom-wide:
1) behavior supports, 2) high quality academic curriculum

Universal, evidence-based behavioral strategies provided to all students, by all adults, in all settings

Universal evidence-based academic curriculum provided for all students

Tier 2 Systems Team

Determine overall intervention effectiveness by using:
process data (behavior) CBM data (academic)

Check In / Check Out Social Academic Instructional Groups

Maintain Tier 2 academic and behavior interventions system wide that are needed by the student population

Tier 2 Problem Solving Team

One team reviews academic and behavior data, uses TIPS decision making process to discuss one student at a time

Problem solving based upon function of behavior, determine if a change in intervention is needed (e.g., skill groups, behavior contracts, etc.)

Problem solving for academic and behavior interventions using data-based decision-making process: "continue, modify, intensify or fade"

Tier 3 Systems Team

Determine overall intervention effectiveness by using:
process data (behavior) CBM data (academic)

Individual student-based teams who problem solve based upon function of behavior. Determine and progress monitor intensive interventions for behavior (e.g., FBA BIP, etc.)

Problem solving for academic interventions (increasing frequency or duration) using data-based decision-making process

Team Organization at Tier 2

PBIS: Tiered System of Support

Tier 2 Team Coach/Team Lead

CICO Coordinator
  - Facilitator
  - Facilitator

SAIG Coordinator
  - Facilitator

Intervention Coordinator
  - Facilitator
Defining Tier 2 Roles and Responsibilities

**Tier 2 Coach/Team Lead:**
- Oversee and ensure fidelity of all Tier 2 interventions
- Facilitate Tier 2 Systems Meetings
- ~ 5 hours/week

**Intervention Coordinator:**
- Oversee and ensure fidelity of one intervention
- Monitors and reports data to Tier 2 Systems Team
- ~ 2-3 hours/week

**Intervention Facilitator:**
- Deliver intervention with fidelity
- Submit data to Intervention Coordinator
- ~ 1 hour/week
CICO Coordinator
Responsibilities Prior to Team Meeting

• Prior to team meeting:
  - Gathers data from CICO facilitators and summarizes data on Tracking Tool
  - Prepares systems precision statements for CICO to bring Tier 2 Team Meeting
  - Inquires about system implementation for groups with a response rate lower than 70%.
  - Collects and summarizes student outcome data (this is individual rather than systems data) to present at Tier 2 Team Meeting
  - Gathers additional information for students not responding and prepares recommendations
CICO Coordinator

Responsibilities At and Between Team Meetings

• **At the team meeting:**
  - Be an active participant in team meeting
  - Summarize recommendations for Tier 2 Team
  - Lead discussion about system implementation for CICO with a response rate lower than 70%
  - Share summary statement of individual student response data with team

• **Between team meetings:**
  - Monitor CICO fidelity submitted by CICO Facilitators
  - Provide coaching to CICO Facilitators to deliver CICO with fidelity
CICO Facilitator

• CICO Facilitators may or may not be members of Tier 2 Team
• Deliver CICO to students with fidelity
• Submit data for fidelity (e.g., CICO Facilitator Daily Log)
• Ensure accurate data submitted to CICO Coordinator
• Request support from CICO Coordinator as needed
YOUR TURN

Update 2.1 Activity 1 & Complete 2.2 Activity 2

• Use 2.1 Activity 1 to:
  ▪ Update Team Membership to include CICO Coordinator
  ▪ Brainstorm/solicit volunteers to be CICO Facilitators

• Complete 2.2 Activity 2 to:
  ▪ Identify the responsibilities for Coordinators and Facilitators

• To Consider:
  ▪ Add Groups to Tier 2 agenda and Tier 2 tracking tool
  ▪ Does CICO Coordinator need training on data analysis?

TFI 2.3 & 2.4 Purpose & Outcomes

• **Purpose:**
  - Develop a process to identify students in need of Tier 2 supports, including a system for staff, families, and students to specifically ask for support.

• **Outcomes:**
  - **2.3 Screening:** Tier 2 team uses decision rules and multiple sources of data (e.g., Office Discipline Referrals (ODRs), academic progress, screening tools, attendance, teacher/family/student nominations) to identify students who require Tier 2 supports.
  
  - **2.4 Request for Assistance:** Tier 2 planning team uses written request for assistance form and process that are timely and available to all staff, families, and students.
Why 7-12% on CICO?

• Students in the past who would not have gotten any support “until things got worse” will now get a positive boost of support

• All teachers will expect that every day they will have students cross their threshold who need higher rate of positive contact

• Quicker/easier to support student who need Tier 3
YOUR TURN
How Many Students Receiving CICO?

- What is your total student enrollment?
- What is 10% of your total school enrollment?
  - How many students would 7%-12% be?
- That is the number of students your CICO should be able to support at any given time
- Do the math at your table, share out with the larger group
Potential Targeted Groups to Consider for CICO

- Students new to your school
- Children with low-level problem behavior (identified by # of ODRs, teacher referral based on classroom management charts, etc.)
- Children who display internalizing characteristics (identified by visits to nurses' office, sits alone at lunch, etc.)
Who is Likely to Succeed with CICO? Who Might Need More?

- **CICO**
  - Low-level problem behavior (reoccurring minor incidents)
  - 2-5 referrals (office referrals)
  - Behavior occurs across multiple locations
  - Examples
    - talking out
    - minor disruption
    - work completion

- **CICO + Additional Support**
  - Serious or violent behaviors/infractions
  - Extreme chronic behavior
    - (8-10+ referrals)
  - Require more individualized support
    - functional assessment
    - wrap around services
Data-Based Decision-Rules:
Sample to Consider

A. Identification for CICO (IN):
   - Student is identified by 2 or more ODRs, 2 unexcused absences, 2 incomplete homework assignments, referral from family or school staff, etc.

B. Progress-monitoring (ON):
   - DPR data is collected daily & reviewed every other week. Data is collected for 4-6 weeks (individual buildings decide whether 4 or 6 weeks will be better for their students).

C. Exiting/transitioning (OUT):
   - Student received a total of 80% of DPR points averaged per day/week for 4 weeks and has had no new ODRs or attendance or homework concern. Student may be transitioned into being a CICO student mentor.
Student Enrollment into CICO

- Decision rules for access
- Develop a Request for Assistance (RFA)
  - Staff referral
  - Parent referral
  - Counselor referral
- Begin with a small sample of students
  - Allows time to work through the process before scaling up
YOUR TURN

2.3 Activity 1: CICO Data Decision Rules

• What are rules for how a student gets in?

• How do you progress monitor and what % are you setting as making progress or needing more support?

• What are exit or transition rules/scores?

TFI 2.5 & 2.6 Purpose & Outcomes

• Purpose:
  - Learn how a continuum of interventions is needed for Tier 2 supports
  - Ensure each Tier 2 Intervention includes the three critical features

• Outcomes:
  - 2.5 Options for Tier 2 Interventions: Tier 2 team has multiple ongoing behavior support interventions with documented evidence of effectiveness matched to student need
  - 2.6 Tier 2 Critical Features: Tier 2 behavior support interventions provide (a) additional instruction/time for student skill development, (b) additional structure/predictability, and/or (c) increased opportunity for feedback (e.g., daily progress report)
Overview of Tiered Supports

General Education & Special Education

Tier 1 for Social/Emotional/Behavioral
School-Wide Assessment / School-Wide Prevention Systems

Social/Academic Instructional Groups &/or
Other Interventions...

Function-Based Problem Solving

Individualized Team Development:
Function-Based Problem Solving and Person-Centered Planning
CICO Critical Features

This Tier 2 intervention provides:

• Systematic performance feedback
• Daily organizational and behavioral support
• High rates of positive adult attention
• Positive communication link between home and school
• Sets students up for success each morning and can be faded to develop student self-management
How is CICO Different Than Other “Behavior Card” Interventions

• CICO is implemented within a School-wide System of Behavior Support; whereas Behavior Cards are typically individual classroom interventions

• CICO is implemented in all settings, throughout the school day

• All teachers and staff are trained

• Students are identified early & receive support quickly

• Team uses data for decision making to determine progress
Intervention Appropriateness:

CICO *is for* these students

• Need increased levels of structure, routine, and feedback
• Demonstrate patterns of behavior that are functionally related to obtaining attention
• Behaviors displayed across multiple locations
• Low levels/intensity of disruption (reoccurring minor incidents; 2-5 office referrals)
  - Talk out/Talk back, disruption
  - Unprepared
  - Non-compliant
  - Work incompletion
Intervention Appropriateness:

CICO *is not* for these students

- Serious or violent behaviors/infractions
- Extreme chronic behavior
  - (8-10+ referrals)
- Require more individualized support
  - functional assessment
  - wrap around services
Basics of CICO

• Morning Check-In (Get Daily Progress Report DPR) with assigned adult

• Regular Teacher feedback throughout the day

• End of the day check-out
  - Tally and record points
  - Receive recognition

• Data collection and progress monitoring

• Take DPR home and return signed copy

(Hawken, 2015)
CICO Implementation Process

Daily Cycle – Morning Check-In and DPR Pick-up

• Check-In with assigned adult (CICO Facilitator) upon arrival to school
  - Adult positively greets student
  - Review School-wide expectations (daily goals)
  - Students pick up new DPR card
  - Provide materials (pencil etc.) if needed
  - Turn in previous day’s signed form
  - Provide reinforcer for check-in

(Hawken, 2015)
Things to Say at Check-In:

- You are here on time again...great
- Looks like you are all set to go today
- It is great to see you this morning
- Looks like you are ready for a good day
- You are off to a good start today
- You look so nice this morning
- You look happy to be here today
- I like the way you said good morning when I saw you today
- Thanks for coming to Check-In with me
- Sounds like you had a good weekend
- I missed seeing you yesterday (if student was absent) and it is nice to see you today
- I look forward to talking to you and hearing about your day
- You are doing a great job! Keep up the good work
- You can meet your goals today by...
CICO Implementation Process

Daily Cycle – Regular Teacher Feedback

• At each class:
  - Teacher provides positive and/or corrective behavioral feedback pertaining to student goals; use tickets
  - Teacher completes DPR, or Student completes self-monitoring DPR/teacher checks and initials card (self-monitoring normally happens as students begin to successfully exit the intervention)

(Hawken, 2015)
CICO Implementation Process

Daily Cycle – Afternoon Check-Out

- Check-Out with assigned adult (CICO Facilitator) at the end of the day
  - Greet student; Review point card and have a conversation with student about their day; “how did your day go?, what was the best part?, etc.”
  - Review points & goals
  - If student had a difficult day/period, have a conversation about it. Encourage them that tomorrow is a fresh start
  - Reinforce students for checking-out (ticket/verbal recognition)
  - Student takes DPR card home

(Hawken, 2015)
Things to Say at Check-Out:

• You had a great (awesome, terrific, etc.) day
• You are right on target
• Your mom/dad is going to be so proud of you
• You are really working hard
• You made your goal...wow
• Looks like today did not go so well. We all have bad days. I know you can do better tomorrow
• I know it was a tough day. Thanks for coming to Check-Out with me
• You look a little frustrated. What happened
• Maybe I can help you with your feelings
CICO Implementation Process

Daily Cycle – Parent Feedback

DPR card gets sent home with any notes from teachers or the CICO Facilitator

Optional Steps:
• DPR card is initialed or signed by parent
• DPR card is returned to school the following school day
• The Home Report can be used as alternate means of school-home communication

Creating the DPR

Important features to include on your school’s point card
DPR

• A document that serves to remind students of the school’s 3-5 behavioral expectations
• Provides a means by which students receive structured feedback on their behavior throughout the day
• Generalizable across all student schedules
• Three-point rating scale (0, 1, 2)
• Multiple check-in opportunities throughout the day with teachers/staff
DPR Rating System

• Three-point system (2, 1, 0)
• Define points (for example):
  - 2 = Met expectations with positive behavior with no more than one reminder during a period
  - 1 = Needed 2-3 reminders/corrections during a period
  - 0 = Needed 3 or more reminders or corrections during a period
What’s in a 2 ?!

• Remember:
  - Staff need to be as consistent as possible about what behavior warrants a 0, 1, and 2
  - A 2 should be similar behavior that is expected of other same aged students. Not “better behavior” than what is expected for others.
  - Staff still need to give positive praise/feedback for what a student did RIGHT to earn a 2. This will help the student do it again and will help others in the class learn what is right/expected as well.

- **Comments:**

Handout

---
Subject Area vs. Periods

• Record by time of day

• Middle schools and high schools typically use periods or time of day

• Elementary schools can use time of day or subjects
DPR Card Comment – Cautions!

• If your school’s DPR has spaces for comments... Try to write or focus on the student’s successes in the intervention.

• Why? Allowing space for comments tends to:

  ▪ Prompt adults to write something negative
  ▪ Discourages staff from having the verbal interaction with student (allows them to only write it)
  ▪ Parents/families tend to “use” these comments with their student in ways they’re not intended
  ▪ We lose opportunity to re-teach if we are only using written comments
What About Unstructured Settings?

• If you want to keep unstructured settings as times where students receive specific feedback (a block on the DPR Card), then:
  - Explicitly teach all students the expected behaviors in all areas and on all equipment, etc.
  - Provide adequate professional development to all supervisors and monitors
  - Ensure ample time for student to receive specific feedback in those settings
  - Track data accurately for those students during those times

• Otherwise, take those time slots off the DPR, re-teach expectations during those times of day, and trust that the behaviors will be caught through a secondary system (i.e., ODRs) if necessary
# Pros and Cons of using a Digital DPR

## PROs:
- Can increase **fidelity of staff** implementation
- Can allow students and parents/families to **view/contribute information**
- Can make it easier to **view multiple weeks of data** at one time for one student
- Can remove the stigma that paper cards can sometimes bring
- Can remove the **power struggle** that can sometimes occur between student and teacher regarding the card

## CONs:
- Sharing the rights of a Google Doc can be a digital disaster
- It can be challenging to gather process data (look at data across all students)
- Can be easier for the intervention to NOT take place (the conversation)
  - Easier for staff to “forget”?
- Can be hard to manage from a technology standpoint
- Can be challenging for those who struggle with technology
Important Point!

The point card is NOT the intervention…
It is a **tool** to help with the intervention.

Positive adult interactions
Specific positive and corrective feedback
What’s in a Name?
Example names of CICO in schools

• Behavior Education Program (BEP)
  - Daily Progress Report

• Kennedy Card Program
  - Kennedy Card

• Hello, Update, & Goodbye (HUG program)
  - Hug Card

• HAWK Program (Helping A Winning Kid)
  - Hawk Report

• ROAR (Reinforcement of Appropriate Responses)
  - Wild Card

Caution using “Behavior Card” or “Behavior Plan” with students.
2.6 Activity 1: Developing CICO to meet Critical Features

Design your DPR
- Name CICO and your DPR card
- Consistent with school wide expectations
- Teacher friendly
- Up to 10 check in periods
- Easy to summarize
2.6 Activity 2: Assessing Critical Features and Function

• Use the chart in your workbook to ensure each Tier 2 intervention meets the function of the student’s behavior

TFI 2.7 & 2.8 Purpose & Outcomes

• Purpose:
  - Identify the best Tier 2 interventions for student needs, and ensure those interventions are linked to Tier 1 supports

• Outcomes:
  - 2.7 Practices Matched to Student Need: A formal process is in place to select Tier 2 interventions that are (a) matched to student need (e.g., behavioral function), and (b) adapted to improve contextual fit (e.g., culture, developmental level)

  - 2.8 Access to Tier 1 Supports: Tier 2 supports are explicitly linked to Tier 1 supports, and students receiving Tier 2 supports have access to, and are included in, Tier 1 supports
Function of Behavior

• Access to Adult Attention

• Access to Peer Attention

• Access to a Choice of Alternative/Activities

• Option for Avoiding Aversive Activities

• Option for Avoiding Aversive Social Peer/Adult Attention

• Connecting with an adult in AM/PM and throughout the day

• Being with other peers when CICO or bringing a peer to CICO

• Though acknowledgement system, student can choose High 5, note or call home, tangible

• Student can CI or CO instead of being in gym or café at beginning or end of day

• Student can let CICO adults know they need a break during recess, lunch, etc.
YOUR TURN

2.7 Activity 1: Matching Tier 2 Intervention to Student Function

• Does the practice match student need?
• Are the functions met by the intervention?
• Are the systems in place for the intervention?

Developing a Reinforcement System

- What is the daily goal?
  - Individualized
  - Common goal for group

- What reinforcers will students receive for checking in and out?
  - Praise
  - Lottery ticket
Daily Reinforcement Example

• The student receives a “Paw” for checking in

• The students’ “Paws” contribute to the class bucket for earning a group incentive
Time with a Preferred Adult is a Powerful Reinforcement Tool!

Especially when adult attention is the function of the behavior

YOUR TURN

Questions to be Answered Prior to Implementation – Reinforcement

• What reinforcers will students receive for checking in and out (e.g., praise and lottery ticket)? We want to acknowledge students for doing the intervention.

• What reinforcers will students receive for checking out AND meeting their daily point goal?

• How will you ensure students do not become satiated on the reinforcers?
YOUR TURN

2.7 Activity 2: Developing a Tier 2 Acknowledgement System

• Review/Update your Tier 2 acknowledgement system to ensure it aligns to Check-In/Check-Out:
  ▪ For checking in
  ▪ For checking out
  ▪ For meeting goal (daily, weekly)
  ▪ For graduation
Next Steps for Tier 2 Interventions

• Continue
• Modify/Intensify
• Fade/Graduate
Next Steps: Continue

If student has NOT met criteria to graduate from the Tier 2 intervention (and further access to the Tier 2 intervention could result in success), consider:

• Keeping the student in that Tier 2 intervention
• **Caution**: Avoid leaving students in Tier 2 interventions without fading or modifying for too long a period
Next Steps: Fade/Graduate

If student has met criteria to end a Tier 2 intervention, consider:

• A **graduation** celebration! Then...
  - Checking in less frequently (i.e., every other day, or less times throughout the day, etc.)
  - Move student to self-monitoring
  - Student CICO Leader- student helps the adults to check-in and check-out students
  - Mentoring other students (student leader)
  - Share story to key stakeholders
Next Steps: Modify/Intensify

If student has NOT met graduation criteria for a Tier 2 intervention (and further access to the intervention with no modifications would NOT result in success), consider:

• A more intense version of the intervention (e.g., modified/individualized CICO) as one of the next options

We want to use Function as a means for determining what comes next.

A
Routines/Antecedents/Setting Events:
When _____ happens...

B
Problem Behavior:
the student does ____(what)____

C
Consequence/Outcome
...and as a result, ______.
Examples: When Choosing How to Modify... Consider *Function*!

Examples: How to Modify

Have standing options that the team can quickly consider:

• Letting student bring a friend to check-in and check-out

• Student choosing specifically who he/she will check-in and check-out with

• Student checking in at a different location

• Check in for a few more minutes (be careful here of getting too close to a mentoring model)

• Student adding another extra check in time throughout the day

• Receive a tangible at check-in (i.e., granola bar) OR earn a specific preferred tangible at check-out
When you Modify CICO
Consider how you are documenting the plan change?

• Documenting in your team minutes

• Keeping track in your data system

Guiding Questions:

Refer to last page of your Tier 2 CICO Workbook
2.7 Activity 3: Function of Modifications

• Identify 3-5 modification options
  ▪ Write each modification in top row
  ▪ Consider both your data and function when identifying

• For each modification, consider each function
  ▪ Put a check in each box
  ▪ It may meet more than one function
2 Important Points

• It is important that the CICO coordinator understands about function of behavior and can help support/coach others to learn about which modification should come next.

• More important than which intervention comes after CICO, at the Tier 2 level, is the fact that function of behavior is taken into consideration when making the decision.
YOUR TURN

Fade, Modify, or Continue

• **Fade**: What might the graduation process could look like for students?
  - What systems need to be put in place?

• **Modify/Intensify**: What modifications will be offered for students not responding to CICO?
  - Remember it will ideally be a menu of options for ALL students not responding (listed on the Reverse Request Form)

• **Continue**: How, when, and why you would provide students with a second round of CICO?
Reverse Request for Assistance

- Sent by Tier 2 Coach to teacher
- Teacher uses function-based thinking to assist in identifying the next layer of intervention
- Sends back to the Tier 2 Coach who will then review with the Intervention Coordinator and Tier 2 team at the next scheduled meeting
At the Core of CICO

• Higher doses of PRAISE (Specific Positive Feedback)
• Specific Corrective Feedback
• Higher doses of positive adult attention
Behavior Specific Praise
30 seconds or less!

Provide Specific Praise for Behavior:
- Step 1: Identify the student or group
- Step 2: Include a term of praise
- Step 3: Describe/Acknowledge specific behavior/rule being recognized
- Step 4: (best practice): Link to school-wide expectation
- Step 5: (optional): Provide tangible reinforcement, DPR points, etc.

Non-examples:
- “Brian is sitting in his seat.”
- Saying “good job” without connecting to school-rule
- Giving ticket without saying anything
- Only giving a ticket for “above and beyond” behavior

“Spencer, Awesome! You are demonstrating Listening to the speaker, that’s being ‘respectful!’”
YOUR TURN

Behavior Specific Praise

What to do:

• Form two lines facing each other
• Use following scenarios to practice behavior specific praise:
   A student arrives to class with all required materials.
   A student exits the bus and promptly goes to designated class.
   A student voluntarily helps another student in the hallway.

Behavior Specific Praise steps:

1. Identify the student or group
2. Include a term of praise
3. Describe/Acknowledge specific behavior/rule being recognized
4. (best practice): Link to school-wide expectation
5. (optional): Provide tangible reinforcement, DPR points, etc.
Specific and Contingent Error Correction
1 minute or less!

Example: “Joe [privately and with sincere voice tone], I saw that you were talking to your neighbor during independent work time. The expectation during independent time is focus on your own work which is ‘Doing Your Best’. Go ahead and start on your work again, and I’ll stop by to catch you doing your best.”
YOUR TURN
Practice Being Specific with Error Correction

- Use the following scenarios to practice error correction:
  - Student is poking another student in lunch line
  - Student arrives to class without notebook and homework
  - Student stops to visit with another student when using restroom pass
CICO Tips

• Whether a student earns a “0, 1 or 2”, they need to know exactly why the points are being given
  - Even students who receive 2’s need to know what to do again!

• Someone should be able to ask a student “why did you get that 1 point today?” and the student will clearly understand why
  - This goes for receiving acknowledgments as well
  - The interaction about why the points or the tickets are being delivered IS the intervention!
Connecting CICO to Tier 1

What connections do you see?

Tier 1 Practices

CICO
Don’t Forget Access to Tier 1 Supports

• It is critical to make sure that:
  - Tier 2/Targeted supports are explicitly linked to Tier 1 supports
  - Students receiving Tier 2/Targeted supports have access to and are included in Tier 1
  - We do not take away Tier 1 levels of support when a student starts to receive Tier 2 supports
YOUR TURN

2.8 Activity 1: Ensuring Access to Tier 1 Supports

• How will you ensure all students in CICO have access to Tier 1 supports and that CICO is higher dosage of Tier 1 for students?
  - School wide expectations are on DPR
  - Adults are giving behavior specific praise or error correction
  - Students receiving CICO receive additional school-wide acknowledgement
  - Students receiving CICO have continued access to Tier 1 teaching

TFI 2.9 Purpose & Outcomes

• **Purpose:**
  - Organize PBIS features into a cohesive plan

• **Outcomes:**
  - **2.9 Professional Development:** A written process is followed for teaching all relevant staff how to:
    1. refer students
    2. implement each Tier 2 intervention that is in place
Staff Training and Overview

• Tier 2 Systems and CICO Training for ALL staff
• Comprehensive understanding for all
• Video is a great resource, but it is not enough...
• Schools must add their own description of how the Tier 2 system will operate
  ▪ Data used to identify students
  ▪ Referral/Request for Assistance
  ▪ Reverse Request for Assistance
• Must also introduce your CICO DPR and detailed explanation of how the intervention will work
  ▪ Pre-correct: what to do when a student is unhappy with their score (corrective vs. negative feedback and other prompts for teachers based on common student reactions...)
Staff Training

- Make sure to have staff practice giving behavior specific praise and error correction
- Schedule for refresher training
- Staff feedback (students & program)
- Special considerations: substitute (visiting teacher), coaching for individual teachers, conflict with cost-response practices

Meadowlark Elementary School
CICO (Check In Check Out) Program

Check in Check Out Training (the first five days of implementation)

The goals for the first five days of CICO are that the student, parents and teachers become familiar with the program and that the student experiences success. Specifically:

- The student understands the use of the CICO card and the point reward system.
- The student uses the CICO DPR during the day and receives points for positive behavior. He receives a reinforcer at check out time for using the progress report. This reinforcer is non-contingent on daily behavior. The student spends points at least once during the week.
- Teachers and all who are involved in check ins and check outs during the day are supportive, encouraging, and positive with the student.
- The person doing check out at the end of the day uses the CICO account page to keep a record of points earned daily and fills out the CICO Home Report which goes home to the parents.
- Parents know how students are doing each day when they receive the CICO Home Report.

Teaching Students how to Participate in the CICO Program

The purpose of this lesson plan is to teach students who are new to the CICO Program the expectations of the program and how to accept feedback. You'll be giving students many opportunities of seeing hearing and doing the expectation correctly and a few examples of what not to do. (Plan on about 15 minutes for this activity and have a copy of the CICO Report to show the student).

**First Step:** Introduce the student to the program and give a brief explanation of what you are going to talk about. Say something like: "Today we’re going to learn about the CICO Program. This will help you be more successful in school and we are going to practice today so that you’ll know how to be ready good at doing this and you can earn all your points."

**Second Step:** Show the student the DPR and starting at the top go through each of the parts of the form. Describe the meaning of each score for each expectation. You can say something like this: "This is the CICO Report - look at what is on it. It has the school expectations and some numbers. The numbers are 0, 1, and 2, and here are what the numbers mean:

- 2 means that you did a great job being safe, responsible, and respectful.
- 1 means that you did OK being safe, responsible, and respectful.
- 0 means that you had a hard time being safe, responsible, and respectful.

Ask the student to demonstrate the expectations such as “being safe, responsible and respectful”. Use lots of praise for demonstrating the expectation and circle the 2 on the CICO DPR example. Practice other expectations as well.

Third Step: Show how the scores are added up to give a score for the day (60 points is the highest) and what the student’s goal will be. Use more detail in this section for the older students. Tell them they will need to pick up their DPR every day before school, in room and that they will return the DPR at the end of the day. Also review the back-up plan for if their DPR facilitator is absent on that day and who they should report to so they can pick up their DPR.

Fourth Step: Show the student the CICO Home Report including the section for parent signature. Tell them that they will be taking the CICO Home Report home to show their parents and will need to bring it back signed the next day.

Fifth Step: Show the student where they will check in and pick up their DPR in the morning and return the signed copy. Include the doors they go in and out of.

Sixth Step: Show the student what happens when they check out and how they earn reinforcement. Ask the student to repeat where they will check in the next morning, where they will check out and what happens if they make their goal. Give lots of praise for repeating this and correct any misunderstandings.

2.9 Activity 1: Planning Staff CICO Professional Development

• Continue to share and incorporate the materials your team has developed into your staff PD for CICO
• Put a time on the calendar to share with staff
• Practice and rehearse!
Student Participation

• Student involvement in development of CICO Intervention

• Student training developed and delivered
  - Role playing
  - Discussion of routines
  - Responding to redirection from teacher

• Special Considerations: training for students who need support accepting redirection
Student Orientation

• For students engaged in the CICO intervention
  ▪ Who, what, when, where
  ▪ Pre-correct: Teach students what to do when they disagree with a score

• How are you going to orient students?
Student Orientation Plan

Develop your plan to orient students

• Flyer?
• Folder?
• What needs to be included?
• Who will orient students?
YOUR TURN
2.9 Activity 2: Student Orientation System

• How will you orient students to CICO?
  ▪ Review school wide expectations
  ▪ Goal setting
  ▪ Times and locations
  ▪ Prompts for what to do (e.g., lose DPR, when there is a substitute, getting a low rating, etc.)
  ▪ Who will meet with student?
Family Orientation

- All families...what are Tier 2 Interventions
  - Inform during registration process
  - Address at open house, through newsletters, newspaper and other...

- Families of students on Tier 2 Intervention...process for explaining/consent
  - Best if phone call is made directly to family by the student’s teacher
  - Followed by letter
  - Consent: check with your district’s decision makers
  - “Back-up Plan” in place if needed
Make sure families understand that this is an opportunity for incentivizing, not for delivering consequences!
YOUR TURN

2.9 Activity 3: Family Orientation System

• Create your plan to orient families
  ▪ Flyer?
  ▪ Packet?
  ▪ Letter home? Active or passive consent?
  ▪ Create your letter

• Who will communicate?
YOUR TURN

2.9 Activity 4: Develop a Home School Communication System

• Will families receive daily reports? Weekly?
• Will it be a copy of DPR? Summary?
• Will student take home? Mailed? Emailed?
• How do families provide feedback?

TFI 2.10, 2.11, 2.12 & 2.13 Purpose & Outcomes

- **Purpose:**
  - Prepare for facilitating implementation of data analysis, and measure fidelity and outcomes of all Tier 2 efforts using multiple forms of data

- **Outcomes:**
  - **2.10 Level of Use:** Team follows written process to track proportion of students participating in Tier 2 supports, and access is proportionate.
  - **2.11 Student Performance Data:** Tier 2 team tracks proportion of students experiencing success (% of participating students being successful) and uses Tier 2 intervention outcomes data and decision rules for progress monitoring and modification.
  - **2.12 Fidelity Data:** Tier 2 team has a protocol for ongoing review of fidelity for each Tier 2 practice.
  - **2.13 Annual Evaluation:** At least annually, Tier 2 team assesses overall effectiveness and efficiency of strategies, including data-decision rules to identify students, range of interventions available, fidelity of implementation, and on-going support to implementers; and evaluations are shared with staff and district leadership.

Student Example: Brian

Based on CICO Decision Rule:

*Students who receive a total of 80% of DPR points averaged per day/week for 4 weeks and have no new ODRs or attendance or homework concern, may be transitioned into being a CICO student mentor.*

- What would your recommendation as CICO Coordinator be for Brian? Why?
- Would you wait 4-6 weeks?
Based on CICO Decision Rule:

*Students who receive a total of 80% of DPR points averaged per day/week for 4 weeks and have no new ODRs or attendance or homework concern, may be transitioned into being a CICO student mentor.*

*• What would your recommendation as CICO Coordinator be for Laura? Why?*

*• Would you wait 4-6 weeks?*
YOUR TURN
Student Example: Jacob

Based on CICO Decision Rule:

*Students who receive a total of 80% of DPR points averaged per day/week for 4 weeks and have no new ODRs or attendance or homework concern, may be transitioned into being a CICO student mentor.*

- What would your recommendation as CICO Coordinator be for Jacob? Why?
- Would you wait 4-6 weeks?
Data-Based Problem Solving

• Progress monitoring data are necessary to answer important questions:
  - Is the student making progress towards the goal?
  - Is the intervention effective for most of the students receiving the intervention?
  - Is the intervention being implemented with fidelity?

YOUR TURN

2.10 and 2.11, Activity 2: Developing Level of Use and Monitoring Intervention Progress

How will you guarantee that 7-12% of your building population will have access to Tier 2/CICO?

Utilizing the Tier 2/3 Tracking Tool:
• How will you have enough facilitators (1 should be able to support 10-15 students)?
• How will you monitor student performance data?
  ▪ CICO data system
  ▪ Other: grades, attendance, etc.
YOUR TURN

2.12 and 2.13, Activity 1: CICO Evaluation Planning

• Use 2.12 & 2.13 Activity 1 to outline your plan for monitoring fidelity of CICO and annual evaluation
  ▪ How often will you use the fidelity checklists?
  ▪ Who will conduct, analyze data, and how will it be shared back with team?
  ▪ When will the team complete the TFI each year? 1, 2, 3 times a year?
  ▪ When will the team meet to review all data from Tier 2 Interventions to plan for next year? (CICO-FIM, TFI scores, DPR data, # of facilitators to student population, Tier 2/3 Tracking Tool, etc.)
  ▪ Who will gather data for Systems Response Tool?
  ▪ How often will team monitor Systems Response Tool data?

Team Tips!
Guidance on how to start

• Begin with a small sample of students
  - Allows time to work through the process before scaling up

• Select students you know will be successful
  - When you start out, do not go right to your students with the greatest need
Final Thoughts

• It is not surprising to need to go back and tighten up Tier 1 and fill in the gaps
• Make sure staff understand which students are most likely to succeed on just CICO alone and which may need more layers
• Use the TFI as a fidelity check for how you are doing along the way. If it isn’t done with fidelity, your students can’t respond!
• Make sure the connection to Tier 1 is clear and strong
• Obtain buy-in from students on PBIS to help make your interventions and systems stronger
Tier 2 Reminders

• Intervention **directly linked** to school wide expectations and/or academic goals

• Intervention **continuously available** for student participation

• Intervention is **implemented within 3-5 school days** of determining the student needs the intervention
Tier 2 Reminders (Cont'd)

• **Orientation process** and introduction to materials is provided for **students** as they begin the intervention.

• **Orientation** to and materials provided for **staff, substitutes and volunteers** who have students using the intervention. Ongoing information shared with staff.

• Opportunities to **practice new skills** are provided **daily**.
Action Planning
Time to Go Do the Work!

• Complete your Tier 2 Implementation Workbook
• Train staff, parents, students
• Begin implementation
• Complete the Tier 2 fidelity measures
• Come back for more Tier 2 trainings!
# CICO Implementation Checklist

**Check-In/Check-Out (CICO) Implementation Checklist**

School: ____________________  CICO Coordinator: ____________________  Date: ____________________

Once systems are established, the team should customize the CICO intervention to fit the culture and needs of their school. The following activities represent the major materials and tasks that comprise CICO, and for the team and coordinator to complete.

**CICO implementation guidance pages** should be developed and placed into the PBIS Tier 2 handbook to organize and represent the completion of these materials, procedures, and examples.
